17/00109/ACV	The White Horse, Great Barrow	<p>Asset Address: The White Horse, Main Street, Great Barrow, CH3 7HX Nominating Organisation: Chester & South Clwyd CAMRA (Campaign for Real Ale) Date Received: 11th March 2017</p> <p>Reason for Decision: 1. The nominating group – Campaign for Real Ale (CAMRA), North Cheshire Branch – is an eligible nominating body as defined in the legislation and non-statutory advice note for local authorities and determined through case law at First Tier Tribunal. The nomination is supported by Barrow Parish Council as confirmed at a meeting of the Parish Council held on 11th April 2017 and by the local ward councillor for the Gowy ward – Cllr Eleanor Johnson. 2. The nominated asset has been properly nominated. 3. The nominated asset is within the borough of Cheshire West and Chester. 4. The nominated asset is not within the categories of assets excluded from listing as detailed in Schedule 1 of The Assets of Community Value (England) Regulations 2012. 5. The nominated asset is the only public house serving the villages of Great Barrow and Little Barrow. The pub hosts a number and variety of local community groups including the Model Railway club; table tennis teams and Cricket Club and serves as a meeting venue for the local Horticultural Society; Pre-School; Manor Farm community group; and local Barrowmore businesses. It also serves as a venue for birthday parties, christenings and wakes and is used by local walking groups who book in for refreshments. Incorporating a much valued beer garden (particularly during the summer months), the pub is family/dog friendly and is regularly used by the residents of nearby Barrowmore House (supported living accommodation for people with disabilities) providing valuable opportunities for networking, confidence building, integration and cohesion. Community fund-raising events including an annual family fun day (with stalls and BBQ) and quiz nights are held in aid of local groups. A further highlight is the annual carol singing evening held every Christmas Eve. The pub is renowned for its quality real ales and features in the CAMRA Good Beer Guide. It contributes to the local economy by employing one full-time and three part-time members of staff, all of whom are local residents, and plans to extend this offer over the next few years through the expansion of the business. As such, it is the opinion of the local authority that the actual current use of the building and adjacent land is furthering the social wellbeing and recreational interests of the local community and it is realistic to think that this use can continue in the future.</p>	Accepted		05/05/2017	05/05/2022

It is the only public house in the village of No Man's Heath and is considered important in securing the sustainability of the local area in the future. As a family/dog friendly venue with adjacent beer garden, it provided a place for all sections of the local community to meet, socialise, eat, drink and play - promoting individual well-being, encouraging community cohesion and helping to combat social isolation. It hosted a local Bridge Group; ran Pool, Darts and Dominos teams; held regular events (including weddings and monthly folk nights); and provided a venue for parish council meetings and community consultations, e.g. neighbourhood plan. It operated a local meals-on-wheels service and sold quality real ales – featuring for two consecutive years in the CAMRA Good Beer Guide. Situated close to the A41, Route 70 of the Cheshire Cycleway, the Sandstone Trail, Bolesworth Estate, Cholmondeley Castle and local holiday cottages/B&Bs, the Inn has served as a stopping and refreshment point for walkers, runners, cyclists and visitors to the area over the years. As such, it is the opinion of the local authority that whilst the actual current use of the building and adjacent land is not furthering the social wellbeing and recreational interests of the local community, it has done so in the recent past and it is realistic to consider will do so again during the next five years.</p>	Accepted		05/05/2017	05/05/2022

17/00203/ACV	The Grace Arms	<p>Asset Address: The Grace Arms Nominating Organisation: Friends of The Grace Arms Date Received: 20.10.2017 Status: Accepted The Grace Arms has been serving the local community since it was built in the early 1930's. The building has been a landmark of the town ever since and on one of the main routes into the town. It is one of the most recognisable buildings in Ellesmere Port. The pub has changed hands many times in recent years, and up until 2013 served alcohol exclusively. Since this time it has also been a restaurant under various brands. When the current owners took over, the live music and entertainment was stopped, under the current management however, after much uproar by the regular customers the live music, sports broadcast and quiz nights were revived and have been received with great success. The Grace Arms has been a profitable business in recent years, and according to employees is one of the top performing local pubs out of the local Greene King restaurants - the demand for this as a facility therefore is clear. As an employer the pub provides jobs to staff from the local community, many of whom have worked there for 4 or more years. Despite the challenges of changing ownership. They have stayed loyal to the workplace they care about and the community they serve. The non-ancillary use of the property furthers the social wellbeing or social interests of the local community in the recent past and it is realistic to think it will continue to do so in the next five years.</p>	Accepted		18.12.2017	18.12.2022

18/00004/ACV	The New Church, Dixons Drive	Asset Address: The New Church, Dixons Drive, Chester Nominating Organisation: Friends of The New Church Date Received: 04.01.2018 - due by 01.03.2018 Reason for Decision: The listing of the building as an asset of community value is dependent on there being an actual current use of the building, or an actual use in the recent past, that is not ancillary and that furthers the social interests or wellbeing of the local community. According to s88 (6) of the Localism Act, social interests include cultural, recreational or sporting interests but makes no reference to religious interests. A representation by the owners makes the case that a Church building will not therefore in practice fall under s88 unless there is some other non-ancillary use being made of it which does further the social wellbeing or social interest of the local community. On this basis the New Church fails to meet the definition of an asset of community value under s88(1) and s88 (2) of the Localism Act 2011 and cannot be listed as an asset of community value	Decision Rejected

16/00163/ACV	The Beech Tree	Asset Address: Beech Tree 174 Runcorn Rd, Barnton CW8 4HS Nominating Organisation: Campaign for Real Ale (CAMRA), North Cheshire Branch Date Received: 04.10.2016 Reasons For Decision: The asset is a former public house with adjacent bowling green and allotments and therefore potentially furthered the social well-being or cultural, recreational or sporting interests of the community during this time. The property closed for business at the end of Oct 2014 and has since remained vacant. Prior to then the pub was trading with a caretaker manager whilst being marketed as a going concern by the then owners, Punch Taverns. The site was sold on 28th Nov 2014 and again marketed 'to let' with vacant possession. A number of enquiries were received but no acceptable offers were made during that time or since. As such, it is the opinion of the authority that whilst the actual use of the building may have furthered the social well-being or interests of the local community in the recent past, it is not realistic to think that the asset would return to furthering those interests in the next 5 years. It therefore fails to meet the definition of an asset of community value under section 88 (1) or section 88 (2) of the Localism Act 2011 and cannot be listed as an asset of community value.	Rejected		07/12/2016	07/12/2016				
18/00003/ACV	The Golden Lion	Asset Address: Kelsall Road, Ashton Hayes, Chester Nominating Organisation: Ashton Heyes Parish Council Date Received: 09.01.2018 - Decision due by 09.03.2018 Reason for Decision: The Council does not believe that the asset nominated meets the definition of an asset of community value as outlined in Section 88 (1) of the Act. This states that a building or other land in a local authority's area is land of community value if in the opinion of the authority: (a) an actual current use of the building or other land that is not an ancillary use furthers the social wellbeing or social interests of the local community, and; (b) it is realistic to think that there can continue to be non-ancillary use of the building or other land which will further (whether or not in the same way) the social wellbeing or social interests of the local community. Section 88(2) of the Act extends the definition to land which has furthered the social wellbeing or social interests of the local community in the recent past, and which it is realistic to consider will do so again during the next five years. The Golden Lion ceased trading in January 2013 and has remained closed for business since then. As such, the nomination fails the definition under Section 88 (1) of the Act. In determining whether the nomination meets the definition under Section 88 (2) of the Act, consideration has been given to the definition of 'recent' past. In terms of considering this nomination the Council has to determine 'recent past' within the parameters of reasonableness. This is the length of time since the community last had use of the site. Consideration has been given to the legislation which states that an asset must be removed from the list of Assets of Community Value no later than five years from the date of entry on the list if the asset has not been disposed of in the meantime, the listing appealed against or is no longer of community value. In the absence of specific definition of 'recent past' in the legislation for determining community value, the Council has taken a lead from the list itself and determined a period of five years as reasonable. As such, The Golden Lion ceased trading in January 2013 and remained closed for 5 years. On this basis, The Golden Lion, Kelsall Road, Ashton Hayes, Chester CH3 8BH fails to meet the definition of an asset of community value under Section 88(1) or Section 88 (2) of the Localism Act 2011 and cannot be listed as an asset of community value. 18/00124/ACV	The Bear & Ragged Staff	<p>Asset Address: The Bear and Ragged Staff, High Street, Tattenhall Nominated by Tattenhall Parish Council Received 4th September 2018 Decision Due 30th October 2018 Reasons for Decision: Whilst the nominated asset was a former public house and, more recently, Thai restaurant and take-away and therefore potentially furthered the social wellbeing or cultural, recreational or sporting interests of the local community during this time, the property has not operated as a public house for some years and the restaurant has since closed for business. The property is currently vacant and has been openly marketed for sale since May 2018. As a result, it fails to meet the definition of an asset of community value under Section 88 (1) of the Localism Act 2011 as it is not currently furthering the social wellbeing or social interests of the local community</p> <p>In identifying whether the nominated asset meets the definition of an asset of community value under Section 88 (2) of the Localism Act 2011, the nomination notes that "the property was frequented by a wide range of residents of Tattenhall and the surrounding area providing a venue for social interaction". However, it focusses on the importance of retaining the asset to support the future viability and sustainability of the high street and to protect it from residential development rather than its specific value to the community for social wellbeing or cultural, recreational or sporting interests.</p> <p>It is the opinion of the authority that insufficient evidence has been provided to demonstrate that the asset furthered the social wellbeing or social interests of the local community in the recent past. In addition, in the absence of an accepted offer from any eligible group or organisation wanting to retain the asset for community use despite it being on the market since May 2018, it is unrealistic to consider that it would do so again during the next five years.</p> <p>On that basis the asset fails to meet the definition of an asset of community value under Section 88 (1) or Section 88 (2) of the Localism Act 2011 and cannot be listed as an asset of community value.</p>	Rejected		30.10.2018	30.10.2018				
18/00144/ACV	Old Blacon Library, Western Avenue, Blacon	<p>Asset address: Old Blacon Library, Blacon Nominated by : Chester Used Furniture Enterprise (CUFE) Received on 15th November 2018 Rejected on 11th January 2019 Reason for Decision</p> <p>It is in the opinion of the authority that the nomination provides insufficient evidence to demonstrate that the asset meets the definition of an asset of community value under Section 88 (1) or Section 88 (2) of the Localism Act 2011 and cannot therefore be listed as an asset of community value. This conclusion has been informed by representation received from the current long-term tenants of the site, which challenges statements made in the nomination. Furthermore, it is not realistic to think that the current use can continue to further the social wellbeing of the local community as required under Section 88 (1) of the Localism Act 2011.</p>	Rejected		22.01.2019					
19/00034/ACV	Old Blacon Library, Western Avenue, Blacon	<p>Asset Address The Old Blacon Library, Western Avenue, Applicant: Chester Used Furniture Enterprise (CUFE) The building has been a community asset for over 30 years providing a library at the front and the Blacon Furniture Project at the rear which was later converted under BCT to a charity schools for excluded youngsters who had multiple severe emotional needs built with external grant funding.It currently offers:Affordable furniture and transport to work for Blacon residents (80-90% of our customers -as at January 2019) on limited means or on very limited incomes. Free furniture for those severe hardship. Dr Bike days for the local community at which we offer small free bike repairs and also other affordable bike repairs. B. Blacon Adventure Playground does offer simp e repa1rs or c 1 ren's bikes but this is not a similar service to Dr Bike sessions and the Blacon Bike project (called the Blacon Bike Shed). The property was formally placed on the market through agents Legat Owen on 23rd November 2018.</p> <p>The nominators made a formal offer to purchase the site and this was assessed against other bids received. Despite increasing their original offer, their final bid fell significantly short of other offers made and was unsuccessful. No other community-based organisation expressed an interest in purchasing the site.</p> <p>In view of the land value, anticipated refurbishment costs and result of the recent marketing of the site for disposal, it is the opinion of the local authority that whilst to a degree the actual current use of the building is furthering the social wellbeing or social interests of the local Blacon community, it is unrealistic to think that this will continue. As a result, the nominated asset fails to meet the definition of an asset of community value under both arms of Section 88(1) of the Localism Act 2011 and cannot therefore be listed as such.</p>	Rejected		05.04.2019	05.04.2019
